UNITED NATIONS (CP) — The Soviet Union declared today that the recent U.S.-Belgian rescue mission to the Congo was "a monstrous crime" against the Congolese people and a threat to world peace.

## Accused 'Spy' Held In Oslo

OSLO (AP) — A captain in the Norwegian air force has been held under arrest since Dec. 2 charged with "illegal espionage activities for a foreign power," a spokesman for the air force said today.

The police investigation is going on, but the spokesman said so far the case does not seem to have been of a grave character.

He declined to confirm a report in the afternoon newspaper Verdens Gang that the case was connected with the sudden departure of Soviet military attaché A. A. Zakharenko from Oslo after the arrest.

## Dutch Close Radio At Sea

RUURDRIJK, The Netherlands (AP) — The Dutch government today closed an offshore radio station and television station in the North Sea, and ordered a ship to leave the area.

A loud noise at 9:06 a.m. in the middle of the North Sea, near the Dutch coast, was the last sound from the station, which had been operating since the late 1950s.

A government cable ship and navy helicopters put police boats in the area today to search for the station's transmitter.

The station began broadcasting in 1958 and during its first month of operation sent 15,000 words of advertising time.

Dutch law prohibits commercial radio and television broadcasts from the sea, but the station's broadcasts were not considered commercial.

## U.K. Notes Auto Plans

LONDON (CP) — British trade officials are keeping a keen watch on United States and Canadian plans to abolish tariffs on cars and car parts between the two countries.

British car manufacturers regard the plan as a threat to the Commonwealth preference system and potentially damaging to Britain's car exports to Canada, which have totalled 29,363 vehicles worth nearly £13,000,000 in the first 10 months of this year.

The threat to this lucrative dollar market came on top of an announcement that Britain's general trade gap, the excess of imports over exports, widened to £10,000,000 (£29,000,000) during November.

It underlined statements of the newly formed private committee for exports to Canada that Canada still is exporting more than twice as much to Britain as Britain is exporting to Canada.

Two committee executives, returned from a three-week tour of Canada, said British firms need to develop a more aggressive attitude to the Canadian market.

Committee chairman Peter Allen, deputy chairman of Imperial Chemical Industries, said the government should give special treatment to firms showing initiative and having a good export record.

## Buddhist Students Strike Bid Averted By Police In Saigon

SAIGON (AP) — Police headed off a Buddhist attempt to spark a strike in the city's high schools today as the religious leaders kept up their campaign to oust Premier Tran Van Huong.

Police briefly detained 10 youths from the Buddhist Bo De high school after stopping them from entering Chu Van An school to get support for a strike.

Officers said the group intended to visit several schools with their strike call.

School strikes were a favorite weapon of the Buddhists in their campaign against the late president.

## Kelowna Airport Building Under Official Discussion

City, provincial and federal government officials Tuesday made a preliminary study of the possible site of Kelowna's proposed airport administration building.

"There is nothing definite yet," said Mayor H. F. Parkinson. "There are many steps to be taken before we can boast of a brand new administration building in keeping with the growing importance of our airport."

"Representatives of the department of transport, the provincial department of highways and Ralph Hermonson, our airport manager, held very fruitful discussions."

**ON THE WAY**  
"The new building is on the way."

"The building will be on a municipal airport, so it will be up to the city to provide it. Of course the federal government will assist."

"Specifically, they will provide for what is termed 'public areas' in the new building. We have also held discussions with Canadian Pacific Airlines, who

will be contributing to the overall costs through rental agreements."

**NEW LAND**  
"The city, in recent months, has acquired new land to the south of the present airport, that is in the direction of Rutland."

"The suggested site for the new administration building with its new aprons, taxi ways and access is near the south end of the present runway."

"During the on-site discussions the other day, no major difficulties were found, either with the department of highways, who will arrange access road from Highway 97 or from the department of transport who will have to give their approval to any changes."

**NET COSTS**  
"We are now in a position to start establishing costs of the move and when those are estimated, we will be able to approach the government departments involved with firm proposals."

"I hope that when I go to Ottawa late in January I will be armed with a good deal of necessary information and will be able to come back with some firm idea on the future of the administration building," said the mayor.

Ralph Hermonson, Kelowna airport manager, said today the new navigational aids being installed at the airport are coming along on schedule.

**BEACONS**  
"The non-directional radio beacon at the south end of the runway will be in operation by the end of December and the high power non-directional marker beacon, five miles north of the airport, will be completed in January," he said.

"This will complete the first phase of the instrument landing system. The second phase, a high frequency system, is in the planning stage and should be completed in approximately two years."

"The beacon now being completed will provide sufficient facilities to allow night and bad weather landings at Kelowna on a par with Penticton and Prince George," he said.

## Cold Continues But Area Coping

For the second night in a row Kelowna and district have had temperatures in Kelowna drop quite a bit of trouble.

Usually the weather is that forecasters are out of their just as they snow manage last. The forecast is not believed for this type of weather," said the station.

No grave difficulties have been reported. Penticton traffic in Kelowna is slow at a medium pace.

**TENDER TREES**  
Tender trees that such as peaches and apricots and the young apple trees could be affected by several temperatures.

Manitoba horticulturists and foresters have found and some trees have been damaged. The trees have been damaged by the cold.

**FUSES BLEW**  
James Meese at West Kelowna, B.C., said that some fuses have blown and some trees have been damaged.

There has been a number of accidents in Kelowna and district. The weather is still very cold. There will be more snow tonight and high Friday.

**WILL CONTINUE**  
Kelowna residents can expect the weather to continue very cold. There will be more snow tonight and high Friday.

Highway 97 is mostly bare, a department of highways road report said today. The wet, slippery section is sanded. Side roads in the Kelowna area are sanded.

Revelstoke section is 90 per cent bare and Rogers Pass is mostly bare, both are plowed and sanded. Sicamous area has a light skiff of snow.

Allison Pass has compact snow, slippery sections are sanded. The Fraser Canyon has some sections with compact snow, the slippery sections are sanded.

**Adult Education Classes Winding Up**  
S. J. Gowland, adult education night school director, Kelowna, said today the night school classes offered to the people in Kelowna and district have been "extremely successful."

"There were 73 classes offered and 1,300 people attended. Sixty-five courses will be offered after January, 1965."

"By the end of the school year, after Easter, there will have been 100 courses completed which is considered very good."

"Most of the classes finished last weekend; some will finish this weekend and will resume after Christmas holidays on Monday, Jan. 4."

"We are offering classes at Rutland Secondary School which include typing and dressmaking. There is also an art class in Winfield at George Elliot school."

"Continuing after Christmas are 12 academic courses in senior secondary school and 50 vocational and recreational courses."

"I only hope the recreational will have as much cooperation in the coming year as they have had in the past," said Mr. Gowland.

**Vegetable Marketing Board Begins 29th Annual Meeting**

A motion to increase the cost of the Canadian government of growers tags used in market would reduce the tariffs on fruit and vegetables coming into this country.

The meeting was attended by 15 delegates from Kamloops, Salmon Arm, Vernon, Kelowna, Oliver, Grand Forks, Creston, Pemberton and Quesnel. Also present were six members of the board and seven guests.

Jake Hansen of Vernon was elected chairman of the day.

The agenda is election of a new board and presentation of resolutions.

R. C. Freeze of Salmon Arm in presenting the tag resolution asked that the incoming board consider the feasibility of raising the cost of the tags used for market control of potatoes and onions, so the man who uses them pays a cost equal to that of the grower who sells through the marketing agency. Present cost of tagging is \$3 a ton for potatoes and \$4 for onions. Those opposing the motion said growers would object to any increased cost and bootlegging would result.

On business arising from the 1963 minutes, a delegate asked the meeting is continuing.

Simpson also said Stafford Smythe, president of Maple Leaf Gardens in Toronto, must be kidding when he suggested replacement of the Canadian team with the National Hockey League's old-timers for a Jan. 19 Gardens game against Czechoslovakia.

Criticized Nationals: Smythe criticized the quality of the Canadian team and said he would ask the Canadian Amateur Hockey Association for the switch. If it was not granted, he would consider cancelling the game.

Bud Holman, Canadian team manager, said the team will be using a more defensive strategy in the game with Russia.

Aspromonte Sets Fielding Mark

CINCINNATI AP — Bob Aspromonte of Houston College set a national league record for third basemen and joined teammate Eddie Kasko among the circuit's fielding leaders in 1944.

Hollingshead, the NL's second basemen for the third time, Gonzalez and Jackson each led at his position for the second time.

Mazeroski, although he finished sixth in average, led the second basemen in participating in double plays for a record fifth consecutive year. He took part in 122 last season.

Junior Shines In Turkey Shoot

The recent annual Turkey Shoot, sponsored jointly by the Kelowna and District Fish and Game Club and the Kelowna Lions Club drew some 50 contestants to Sportmen's Field.

Shooting began at 11 a.m. and continued until after 6 p.m. The newly-installed lights were turned on later in the afternoon.

Shooters entered in the shotgun events came from Vernon, Enderby, Winfield, Lumby, Peachland, Westside and Summerland, besides Kelowna.

Highlight of the day was the shooting of a young junior, Harry McLean, 12, of Peachland. He made off with two turkeys and a slab of bacon handily beating out some top-notch shooters.

21 lb. turkey for the "Pistol and out" was won by A. Salt of Vernon. A Elliot of Winfield captured the "free miss and out."

Small bore shooters also won 10 turkeys in events run off by the Kelowna Pistol Club.

Russian Seconds Drub Muskegon

MUSKEGON, Mich. (AP) — A tightly-knit second division Russian national hockey team overpowered Muskegon on the International League 5-1 in an exhibition game Wednesday night.

Muskegon right-wing Brian McInnis faced hard shot more than 60 feet over the ice for Muskegon's only score as the Russians led 3-0 in the second period.

Forwards Inov and Vassil Archerov each tallied twice for the Soviet team. Alex Stragorov scored the other goal.

Russian goalie Anatoly Raculin made 14 saves and Muskegon's Andre Gagnon stopped 34 shots.

Golf Great Hagen Pronounced Fit

DETROIT AP — Walter Hagen, one of golf's all-time great players, was pronounced in good condition Thursday after undergoing what a spokesman for Henry Ford Hospital described as minor surgery on his throat.

The reason for the operation was not disclosed.

Hagen, who will be 72 Monday, was U.S. Open champion in 1914 and 1919. He also won the British Open title in 1922, 1924 and 1928 and 1929 and reigned as Professional Golf Association king in 1921 and from 1924 through 1927.

## 'THRILLING' SOCCER HERE FRIDAY NIGHT

San Francisco's third goal of the night with less than four minutes remaining carried the Seals to a 6-0 victory Wednesday night over the San Francisco Seals.

The result snuffed San Francisco's winning streak at three and moved the Seals within two points of the 1944-45 league championship.

San Francisco's Charlie Burns also scored three goals in padding the Seals.

Other victors: Marksmen were Steve Wittek, Gordy Heald and Eddie Wilcox.

San Francisco marksman Ben Burns scored three goals and Al Nicholson.

A total of more than 3,600 paying fans attended Wednesday night's match was the only action in the WHL.

## Chances Of Recovery Good Say Nat King Cole's Doctors

HOLLYWOOD (AP) — Nat King Cole, one of popular music's greatest stars, is receiving excellent treatment for a tumor on one lung.

The fact that the 45-year-old singer is seriously ill was disclosed Wednesday by his doctors. They declined to say whether the tumor is malignant.

When Cole was admitted to St. Francis Hospital in Seattle, Santa Monica, Dec. 9, his lungs were found to be infected by a tumor.

His physicians, Dr. Robert Kohn and Dr. Robert Taylor, said Cole would be able to go home in about 10 days, just after Christmas.

They said.

"We have also advised Mr. Cole that the prognosis is good. The next few months must be successful in the fight for the lung recovery."

They said the infection had been found for the first time in the lungs.

The gravity of the illness became known as a result of a chest X-ray which was taken when he was in the hospital.

He is now in the hospital, where he is being treated by Dr. Kohn and Dr. Taylor.

## Shooting Of Indian Chief Reduced To Manslaughter

PRINCE GEORGE (C.P.)—A 50-year-old Indian chief, Joseph J. 35, was found guilty by an Assize Court jury Tuesday of manslaughter in the shooting death of a young woman, Mrs. Elaine B. 35, of the same name, Indian chief of the Tseil-wat Nation at the chief's residence in the village of Tseil-wat, 50 miles west of Prince George.

The jury, which heard evidence from the chief's wife, Mrs. Elaine B. 35, and from the chief's son, Joseph J. 35, Jr., found the chief guilty of manslaughter. The chief was sentenced to five years in the B.C. Penitentiary. The chief's wife, Mrs. Elaine B. 35, was found guilty of accessory to manslaughter and sentenced to two years in the B.C. Penitentiary.

Opening lead — king of diamonds.

It would seem entirely normal for a defender with a poor hand to pay little attention to the bidding during the play. Most defenders under such circumstances think they are meeting their obligations in full when they make sure that they follow suit to each trick played.

However, there are deals where a defender with a dull hand has to do more than that. Opportunities occasionally arise where a defender who seems to be out of the picture can rise with might and main to perform a crucial task.

It is certainly unusual for a defender to ruff his partner's high card in a side suit, but in this case the play was clearly in order. East was in position to know from the bidding and the fall of the queen of diamonds that there could be no further tricks for the defense except in trumps.

Ruffing the diamond high at trick three could not cost the defense a trick, but it did offer a clear chance to gain one if West had any such trump holding as Q-10, or J-K. East's play was easy enough to make; the difficult part was to think of it.

## YOUR HOROSCOPE

FOR TOMORROW  
Reply on your own efforts to get things done now. And you can do a great deal!

Present planetary aspects encourage the launching of new ventures as well as the completion of old ones, and especially favor business and financial deals. Don't undertake the unreasonable, however.

FOR THE BIRTHDAY  
If tomorrow is your birthday, the year ahead promises much in the way of job gain, if you are willing to take on some additional responsibilities and put forth more effort than you have in the past — beginning now! Keep your eyes open to every possible chance for advancement and do not bypass opportunities just because they involve voluminous detail or a few distasteful tasks. This will be very important in February, when the stars promise new ways to increase your earnings. Good aspects will also govern

your occupational interests in late March, mid-July, October and November.

Creative workers will be highly inspired during the latter half of January, June, September and October.

If you will avoid extravagance and speculation—especially during January and June—and follow a generally conservative policy throughout the year, you should find yourself in a better financial position when your next birthday rolls around. Look for good money breaks in early March, mid-July, October and November.

There is promise of highly stimulating adventure in travel and social interests in January, mid-April and September of next year. January, March, June and September will be excellent for romance.

A child born on this day will be conscientious and ambitious and will be endowed with a keenly analytical mind.

## DAILY CRYPTOQUOTE — Here's how to work it:

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. From day the code letters are different.

# NATO "So Powerful Now" No More H-Power Needed

PARIS (CP) — U.S. Defence Secretary Robert McNamara said here the North Atlantic Treaty Organization now is so powerful in nuclear and conventional arms that further the need to keep their different weapons inventories in such states from causing them to drift apart.

McNamara told NATO undersecretaries that the alliance's nuclear force alone is sufficient to deter aggression.

Except for a few countries the need for conventional weapons, he said, has been reduced.

PARIS (CP) — The members of the North Atlantic Treaty Organization agreed today to conduct sessions to study the state of the world, including the complex of problems of the future nuclear world.

Conference sources said the members will discuss the problems of the world in the future, including the complex of problems of the future nuclear world.

The members examined the problems of the world in the future, including the complex of problems of the future nuclear world.

The reference to the future problems was made in general terms because the members realized they could not discuss any concrete plans for a nuclear-armed world.
